

3RD ANNUAL Hall of fame

Sponsored by ATK

Hall of Fame Induction ■ Dinner Buffet ■ After Party
Saturday, July 11th ■ 4-11 p.m.
Business Casual

The SPACE CAMP® Hall of Fame was designed to honor graduates, former employees and supporters who have distinguished themselves in their respective careers or made considerable in-kind contributions in an effort to help further the goals of the SPACE CAMP program.

Saturday, July 11, 2009, we will host a series of activities leading up to the Hall of Fame induction ceremony, dinner and after hours party with Microwave Dave and the Nukes. These will include a behind the scenes "now and then" tour for alumni and families, as well as guest speaker(s) and book signing opportunities. Children will have their own special opportunity to participate in a day-long, mini-camp experience. For

adults, there will be an Alumni Adult Weekend – open to alumni and non-alumni that attend with an alumnus ages 19 and above.

This year's Hall of Fame will also allow you the option of attending the entire event, which will include the induction ceremony, dinner and after hours party with live music or just those elements which interest you most. A silent auction is being planned with the proceeds going to the USSRC Scholarship Fund.

Prices are \$45 for induction ceremony, dinner and after party, and \$10 for after party only. Get your tickets online at spacecamp.com/reunionweekend.

2009 Hall of Fame Tickets

Special Hall of Fame Day Camp

Special Hall of Fame Day Camp is an extended camp for kids of SPACE CAMP alumni who plan to visit on the biggest day of the camp calendar. Kids from ages 5 to 12 years old will start their day's activities at 8:30 Saturday morning at the Davidson Center and conclude with a special viewing of "Space Camp" the movie! Activities include a tour of SPACE CAMP, astronaut training simulators, games, movies, hands-on science experiments and much more. This special Day Camp will include a photo, meals and movie.

- Price: \$40
- Drop off time: 8:30 a.m. Saturday
Davidson Center front desk
- Pick up time 9:30 p.m. * Saturday
Saturn V Garden
- Register at spacecamp.com/reunionweekend

*Parents may pick up their child earlier, but once picked up, the child cannot return to the group.

SPACE CAMP® Hall of Fame Inductees

Friend of SPACE CAMP® – Jim Allan: Jim is the statewide technology consultant with the Texas School of the Visually Impaired living in Austin, Texas. Jim has been a part of the SCI-VIS (Space Camp for the Interested Visually Impaired Students) program for almost 20 years. He has coordinated attendance of over 200 blind and visually impaired students to SPACE CAMP each September. Jim maintains the SCI-VIS website - www.tsbvi.edu/space (<http://www.tsbvi.edu/space>) and serves as the technology expert for the SCI-VIS program. Jim provided technology assistance to SPACE CAMP's software provider to enable the SPACE CAMP mission software to be used by blind and visually impaired students. Jim is a member of numerous national organizations and has been recognized at the state and national level for his achievements with the visually impaired community.

Former SPACE CAMP Staff – Jerry Gleason: Retired U.S. Army veteran and AVIATION CHALLENGE® staff member living in Madison, Alabama. Jerry is both a legend and a mentor to an entire generation of AVIATION CHALLENGE campers and staff members. He inspired many campers to follow their dreams and serve our country in military service. Jerry developed the Land Survival training as part of the Aviation Challenge program. Jerry proudly served his country for 30 years, and some of his awards and citations include: Bronze Star four times, Purple Heart three times, Meritorious Service Medal twice and the Army Achievement medal twice. Jerry continues to work on Veteran's issues and volunteers at SPACE CAMP.

SPACE CAMP Alumnus – Robert Pearlman: Owner of www.collectspace.com (<http://www.collectspace.com>) living in Houston, Texas. Robert attended SPACE CAMP at least five times between 1987 and 1993. He founded and currently runs [collectspace.com](http://www.collectspace.com) and over his career has worked for several other space interest groups including: The National Space Society, Space Adventures Ltd., Starport.com and Space.com. Robert has developed and worked on numerous web sites dedicated to the space program. He has worked on numerous space related education projects and continues to be an avid supporter of the space program.

SIXTH ANNUAL SATURN/APOLLO REUNION

Sponsored by
Pratt & Whitney Rocketdyne

The first reunion held in June 2004 helped educate the community about the Saturn V Restoration Project. The outpouring of community support following that first reunion enabled the museum not only to restore the Saturn V rocket but also to upgrade its planned housing from a temporary facility to a permanent structure where exhibits are planned that will feature Apollo, Space Shuttle, and Constellation Programs. We succeeded! The newly renovated Saturn V now hangs in the new Davidson Center for Space Exploration.

The Sixth Annual Saturn/Apollo Reunion
Friday, July 10, 2009, at the U.S. Space & Rocket Center

**Tickets are \$15 for adults and \$5 for children (ages 4-12) until June 30, 2009.
Children three years and under are free.
Effective July 1, 2009, tickets will be \$25 for adults and \$10 for children.**

Get your tickets online at spacecamp.com/reunionweekend.

Those holding tickets may enter the museum as early as 2:00 p.m. on Friday. The reunion begins at 5:30 p.m. in the Davidson Center for Space Exploration with a buffet barbecue dinner that will be served until 7:00 p.m. A brief program will follow dinner.
